

## **DIPP to set up India's first TISC in Punjab**

14<sup>th</sup> July 2017

The Department of Industrial Policy and Promotion (DIPP), Ministry of Commerce & Industry, Government of India, has signed an Institutional agreement with the Punjab State Council of Science and Technology to establish **India's first Technology and Innovation Support Center (TISC) at Patent Information Centre, Punjab, under the World Intellectual Property Organization's (WIPO) TISC program.**

### Key facts:

**The Cell for IPR Promotion and Management (CIPAM) is designated as the National Focal Point for the TISC national network.**

As the national focal point, CIPAM shall identify potential host institutions, assess their capacities and support them in joining the TISC program.

CIPAM will also act as the main intermediary between WIPO and TISC host institutions and coordinate all the activities of the national TISC network.

Over 500 TISCs operate worldwide and establishing TISC in India will give the host institutions an access to the global network.

### What you need to know about TISC program?

WIPO's Technology and Innovation Support Center (TISC) program provides **innovators in developing countries with access to locally based, high quality technology information and related services**, helping them to exploit their innovative potential and to create, protect, and manage their Intellectual Property Rights (IPRs).

The objective of the TISC is **to stimulate a dynamic, vibrant and balanced Intellectual Property Rights (IPRs) system in India to foster creativity and innovation**, thereby promoting entrepreneurship and enhancing social, economic and cultural development by establishing a network of TISCs in India.

### Services offered by TISCs include:

Access to online patent and non-patent (scientific and technical) resources and IP-related publications.

Assistance in searching and retrieving technology information.

Training in database search.

On-demand searches (novelty, state-of-the-art and infringement).

Monitoring technology and competitors.

Basic information on industrial property laws, management and strategy, and technology commercialization and marketing.
